Michael A. Thompson, D.D.S., M.S.

CONLON & THOMPSON ORTHODONTIC COIN CLUB

We have developed a motivational system to encourage and reward good patient compliance during orthodontic treatment. We believe that patients should be recognized for the good things they do that contribute to the orthodontic treatment progress and the finished result. To help encourage our patients, we have instituted a Conlon & Thompson Orthodontic Coin Club. At each scheduled appointment, any patient currently in braces can receive a maximum of 5 Conlon and Thompson Orthodontic Coins.

The program encourages patients wearing braces by giving 1 “coin” for each of the following:

- 1 Coin - on time for appointment
- 1 Coin - clean teeth and appliances
- 1 Coin - no loose brackets/bands, wearing elastics and appliances as prescribed
- 1 Coin - no missed appointments
- 1 Coin - wearing a Conlon and Thompson Orthodontic T-Shirt

5 Coins = total coins possible each appointment

These coins can be collected and then redeemed for various gift certificates. We will be displaying information regarding the coin value of different gifts. It is the responsibility of the patient to collect their own coins. We are not responsible for lost coins, so keep them safe!!
